Summary

A creative hard worker, always eager to learn new things, flexible, Team Player and also manage well with Individual projects. I am currently studying Software Development at WeThinkCode using Flutter and Dart. I have also worked with Python using Google API, OOP on Java, JavaScript, HTML and CSS for web page development in my individual and group projects. I have also used Git for Version Control, deployment and Validation of code. My interest is to work on projects that have direct impact to the user. My time at WeThinkCode has taught me how to communicate better, resolve conflicts in a team, resilience, patience and that I can achieve everything I put my mind to with grit and determination.

Skills

Research • JavaScript • Cascading Style Sheets (CSS) • HTML5 • Persistence • Presentations • Java • Communication • Problem Solving • Python (Programming Language)

Licenses & Certifications

Java(Basic) - HackerRank

8891DAD637C6
